

European Cbrn Innovation for the maRket CLustEr

Topic: H2020 – SEC 05 – 2016 CBRN Cluster, Part a

2017 ENCIRCLE Workshop

September 7-8, 2017

**Military University of Technology,
Warsaw, Poland**

About the event:

The 2017 ENCIRCLE workshop will allow to better understand idea of ENCIRCLE project and its objectives. Most importantly it will allow to present first results of the ENCIRCLE project regarding the analysis of the currently existing needs and gaps in the CBRNe field. The dedicated thematic workshops will allow to get insights from practitioners and to obtain full picture on missing CBRNe capabilities. With support of the practitioners the consortium will also conduct a new threat assessment in order to take into account new needs (new threats) and technologies. The final session of the workshop will be dedicated to discussion on the CBRNe Policy and Procurement.

Who will attend:

2017 ENCIRCLE Workshop is mainly dedicated to Practitioners, including State Fire Service, Police, Border Guards, however any other relevant institutions which will allow to achieve goals of the workshop will also be invited.

Why Should You Attend?

- Understand the opportunities in the CBRN Cluster B call
- Learn how ENCIRCLE fits into CBRN Cluster B call
- Inform future CBRN Cluster B calls by helping set needs and gaps agenda
- Learn about funding opportunities
- Network with CBRN specialists
